

Adam Street Advisers Corporate Finance LLP

Corporate Finance Associate

Closing date for applications: Tuesday 31 August 2021

21 Ganton Street
London
W1F 9BN
adamstreet.com

Adam Street Advisers (ASA) is seeking an ambitious Corporate Finance Associate to join our growing deal team. The role will ideally suit an individual with an entrepreneurial mindset, who is a self-starter and can work intelligently and independently. You will be keen to take on more responsibility, and learn and grow in a fast paced, exciting, and hands-on environment. The role will be broad and involve working on all areas of a transaction process, from origination to execution.

We are a London-based corporate finance advisory boutique, with a proven track record of advising shareholders and management teams of UK based private companies on selling businesses, raising private equity, buy-outs and buy-ins, and arranging and restructuring debt.

The individual:

- 2-4 years' experience in corporate finance or transaction services at a top tier advisory firm or boutique
- Confidence to liaise with successful entrepreneurs and management teams, private equity investors, family offices and wealthy individuals across a range of sectors
- Strong fundamental accounting and analytical skills and attention to detail
- Excellent report writing skills and modelling skills
- Able to organise and manage priorities, efficiently and effectively
- Enthusiasm for working in a dynamic and entrepreneurial environment with an ability to grasp and understand business issues quickly
- Documentary evidence that you are able to work in the UK (British citizen or right of abode)

Key responsibilities:

We are looking for individuals who have a unique ability to work across the entire deal spectrum from origination to execution.

- Strong belief in the ability to originate new client opportunities
- Assist in the preparation and execution of corporate finance mandates
- Developing robust financial models / forecasts (integrated P&L, balance sheet, cash flow)
- Drafting relevant corporate finance transactional documents (information memorandum, management presentation, non-disclosure agreements etc)
- Assisting with the identification of potential buyers / investors / targets
- Working alongside legal advisers in setting up and managing data rooms and taking a key role in the execution of due diligence
- Participation in key meetings (client, project, transaction)
- Assisting in the preparation of pitch books and other marketing material
- Management of the end-to-end transaction process
- Management of the firm's analyst resource
- Working alongside and managing external resource and consultants

How to apply:

Please send a CV and Cover Letter to
